High school team shooters must all attend the same high school, and 4-H team shooters must live in the same county and shoot for the same 4-H team. The high school-aged teams are not allowed to form super teams by cherry picking shooters. There are no membership requirements to participate in any ACUI clay target event.

Eligibility Requirements

- All participants must meet eligibility criteria established by their school.
- All participants are limited to six years of eligibility. Students enrolled at two-year institutions are limited to three years of eligibility; if they transfer to a four-year school, six years total.
- All high school and undergraduate participants must have a cumulative GPA of 2.0 as of the academic term in which they qualified for program; for graduate students, 3.0 cumulative GPA.

- All undergraduate and graduate student participants must be enrolled as a student in good conduct standing at the institution they represent, as determined by the institution in which they are currently enrolled.

SQUADDING:

Random squadding will be used for all international events. Squad sheets for preregistered shooters will be available and emailed to the coach or team leader Thursday the week of the event. International events will be scored by impartial referees.

Shooters are allowed 30 minutes for each round of 25 targets. In the event that a squad is over the allotted time by 10 minutes (providing there is no weather or mechanical delays), the squad can be moved to an alternate field or moved to the end of the day to finish the round.

RULES:

The current 2016 USAS and all ACUI rules will govern this competition. It is the shooters' and coaches' responsibility to be familiar with these rules.

FIREARMS & AMMUNITION STORAGE:

Limited firearm and ammo storage might be available at the ranges. It is suggested that a team contact the individual ranges directly for availability of storage.

AMMUNITION:

Limited ammo might be available for purchase at the ranges. It is suggested that a team contact the individual ranges for availability of ammunition. Cost of practice and competition ammo is at the expense of the competitor. Ammunition up to 1 oz. is allowed at all international conference events.

AWARDS:

Individual awards will be presented to the top three individual men and the top three individual women in each discipline (Skeet and Bunker Trap).

Team awards will be presented to the top three HOA skeet and top three HOA bunker teams. The HOA teams are determined by taking individual discipline scores from a team's top five shooters in either event. The team with the highest target count is the winner, second highest target count is second place, third highest target count is third place.

High Overall (HOA) individual awards will be presented to the top individual score for men and top individual score for women by taking the composite score of both events International Trap and International Skeet. Shooters must shoot both disciplines for scores to count towards the individual HOA award.

There are two separate divisions of HOA team awards at the international conference championships. One set of awards for International Skeet and a second set of awards for Bunker Trap.

There will be two separate sets of awards: one for college and one for high school.

College and high school teams and athletes can be squadded together but do not compete against each other.

USAS QUALIFIER:

Shooters must first register and pay online for registration with ACUI. After registering and paying at ACUI, an athlete can then choose to register and pay for their targets at USAS. For scores to be registered targets with USAS, it is the responsibility of the participant to register their targets with USAS. This is not required to participate in the ACUI event, but no fees will be collected onsite and registration with USAS must take place before the start of the scheduled event. Each participant who registers their targets with USAS will have their scores entered with USAS after the match.

MIDWAYUSA FOUNDATION TEAM ENDOWMENT FUNDS:

All endowment money awarded by ACUI will be deposited into the team’s endowment account by ACUI at the MidwayUSA Foundation. Once donated the funds belong to the MidwayUSA Foundation in the earmarked team endowment account. Funds donated to a team endowment account may not be moved except by following the MidwayUSA Foundation process.

Teams must have a MidwayUSA Foundation team endowment account in place with the MidwayUSA Foundation for the award to be donated. To set up a team endowment account please visit www.midwayusafoundation.org/start-your-account Please visit their website for further details.

ACUI's core values of unconditional human worth, joy, learning, caring community, innovation, diversity, and integrity. The code of conduct, the NGB rule books, and these stated values by definition lay out standards of ethical behavior and conduct for students, coaches, staff, and partners who are expected to uphold them both internally and during interactions with others. A violation means you have acted in a way that goes against the code or values of our community. Doing so leads to consequences, up to and including disqualification of an event or banning from the program.

CANCELLATIONS/REFUNDS:

See the ACUI website for cancellation information that you agree to during registration.

SUBJECT TO CHANGE:

Please keep in mind that the tournament schedule, squadding, and this program are subject to change. Although we make every attempt to maintain the published schedule, target malfunctions, weather, and other items are out of our control. It is the responsibility of competitors and/or coaches to check the schedule and squadding daily and most importantly in the evening. Updated information will be posted to the website and at the range. ACUI is not responsible for missed flights, airline change fees, missed squads, etc. Please keep this in mind when making your travel arrangements and schedules.

CLASSIFICATION SYSTEM:

To recognize more deserving student athletes at the ACUI Collegiate Clay Target Championships, ACUI has adopted a classification system based on participation in any of the Conference Championships (International or American). By participating in just one conference event, a student shooter can get classified according to ability and then compete against other shooters with like ability at the 2018 ACUI Collegiate Clay Target Championships. For complete details, go to www.acui.org/claytargets.

FURTHER INFORMATION:

ACUI supports the filming of the event, and an athlete's participation or a spectator's attendance grants ACUI permission to use their image. That image can be used for reproduction in any media and for promotional purposes of the sport and the ACUI tournament.
